SARAH MAE B. SARIO

Cogon• City of Naga, 6037 • sarahmaebasalo8@gmail.com• 09454367298

Education

Cebu Institute of Technology –University Cebu City, PH
Bachelor of Science in Computer Science May 2028
Relevant Coursework: Data Structures and Algorithms • Object-Oriented Programming • Database Management Systems • Web Development • Human-Computer Interaction • Mobile Application Development

Immaculate Heart of Mary Academy Minglanilla, Cebu
Senior High School (STEM) May 2024

Projects

MedServe - Public Health Center Queuing System
Java, JavaFX, MySQL
• Built full-stack web queuing application for local health centers to reduce wait times and streamline visitor flow.
• Developed front-end profile interface and backend logic for self-service patient info updates.
• Built admin user-management dashboard for directory oversight and status controls.

StudyGo - Interactive Flashcard Study Tool
Java, Java Swing
• Built an interactive flashcard web platform designed for active recall and self-paced study.
• Implemented frontend featuring flip-card state management and custom user flashcard input interfaces.

MediMap - Smart Pharmacy Inventory and Localized Search System
Kotlin, Android Studio
• Built pharmacy-facing inventory management module enabling real-time product listing and stock updates.
• Implemented user search and location-matching functionality to find where required medications are available across nearby pharmacies.

Activities

OmniCampus Remote
Data Science & AI Course September 2026 - Present
• Enrolled in structured modular training combining self-paced instruction, interactive problem sets, and practical labs.
• Applying data processing and analytical workflows through hands-on technical exercises.

Skills

Technical: Java, Kotlin, C#, CSS, HTML, Python, C++, PostgreSQL, MySQL, SQL, JavaFX, Android Studio, Web Development
Language: English, Filipino, Cebuano
